AUTONOMY AND SENSE OF RESPONSIBILITY

« In comparison with the middle school, we have more freedom because we are more mature; we have a better contact with the teachers. »

Erwan 2° COM

« Since I started studying at the High school, I feel I gained self-confidence and autonomy »

Océane 2 ASSP

« I like this school, it is welcoming, open and the boarding-school is just excellent »

Antoine 2° COM

Relaxation

The High School Students' House and the Council of the High School Life are managed independently by the students, and offer several ways to relax (games, cultural activities and sports...)

BAC PRO INDUSTRY

Maintenance of Industrial Equipment (MIE)

"We make a diagnosis and repair systems with several technologies (hydraulic, mechanical, pneumatic). We work on electric energies." Wilfrid

Electrical Engineering, Energy, Interconnected equipment (ELEEC)

"We study building electricity, wiring and delta connection; we work on projects like the solar bike. It's good because it is the future." Anthony

Working in the Fashion and Clothing Industry (MMV)

"Fashion design responds to my need to create something with my own hands. I also like drawing". Manon

"We learn to make clothes that fit us and fancy us. I would be interested in becoming a stylist". Océane
