

On Sunday, November 24th, there was a concert at the Zenith (the Music arena in Nancy).

It was pretty impressive and really awesome.

The artist was Ibrahim Maalouf, the famous trumpet player.

He played the trumpet but also the piano.

There were 14 students from the 4e1 class on stage. They all played with the artist except Sir Winston who played the trumpet on his own. He did a solo and he was a little stressed because there were a lot of people (about 6,000) in the audience.

There was also Ibrahim Maalouf's daughter. She sang but the students didn't hear her because they were getting ready in the backstage.

France 3 Grand Est, the local television, interviewed Sezer, the only tuba player in our school band.

Sezer was not scared at all, he didn't freak out. He said he was really excited. Actually, it is the first time he has played in such a big hall, in front of so many spectators and of course with a star, Ibrahim Maalouf.

As it is Thanksgiving today, the school band wants to thank Ibrahim Maalouf for inviting them, but also Mr Coric ,Karine, Arnaud, Youssef, Raphael, Brian and David for teaching and coaching them every Friday.
