

Hansel and Gretel.

This is the witch.
This is the witch's house.

The house has got two more walls you can't see!

The wall at the back has got no door, it is decorated with biscuits.

The wall on the other side of the house has got two windows too, that wall looks exactly like the wall you can see.

The roof has got two sides you can't see: they look exactly like the sides you can see.

Fill out the table:

									
What you can see 									1
What you can't see 									1
total									2
