

CE2 : LONDON

You are in London. You arrive at Waterloo Station.

You are going to visit Big Ben, Buckingham Palace, the London Aquarium and the London Eye.
Then you go back to Waterloo Station.

Look at the distances and at the duration of each trip.

In the table ten distances and ten durations are missing. Fill out the table.

You stay for half an hour at each place.

Find the shortest way to visit all these places.

<div> <div>WATERLOO STATION</div>  </div>	0		9 minutes 700 m		29 minutes 2400 m
<div> <div>BIG BEN</div>  </div>	16 minutes 1300 m	0	9 minutes 650 m	11 minutes 850 m	16 minutes 1300 m
<div> <div>LONDON AQUARIUM</div>  </div>			0	2 minutes 700 m	
<div> <div>LONDON EYE</div>  </div>	6 minutes 600 m			0	
<div> <div>BUCKINGHAM PALACE</div>  </div>			22 minutes 1700 m	25 minutes 1700 m	0

How long will it take for you to do all this?

You arrived at Waterloo Station at 9 o'clock am. At what time will you be back at Waterloo Station?

60 minutes are 1 hour.

Use this table and coloured pencils to draw the time!
